323-024	FDQ Level 2 Certificate for Proficiency in Meat and Poultry Industry Skills	600/0518/X C00/0316/5	3	31 Dec 2021

Purpose overview

This qualification is designed primarily for learners in the meat and poultry industry who wish to develop intermediate skills and knowledge required to confirm occupational competence at work. The qualification provides choice in a wide range of automated or manual processing techniques or distribution, service and retail skills to confirm occupational competence in specific job roles including:

- Lairage/slaughter operative
- Meat and poultry processing operative
- Butchery operative
- Meat and poultry packaging and distribution operative
- Meat and poultry service/sales operative
- Meat quality assurance operative

Currently, the qualification is available within the Food and Drink Apprenticeship framework. However, learners may wish to achieve this qualification outside of the apprenticeship framework where this better meets their learning and development needs or training plan and future progression goals.

Ofqual purpose D. Confirm occupational competence and/or 'licence to practice'.

Sub purpose D1. Confirm competence in an occupational role to the standards required.

Learners need to be 16 years old or over to take this qualification. Learners do not require any prior qualifications or units or food skills experience to take this qualification. However, prior achievement of FDQ Level 1 Certificate/Diploma in Food Industry Skills may be an advantage for some learners. The qualification assesses and recognises competent achievement within the workplace.

The qualification covers mandatory skills from a wide range of areas like: operating meat or poultry processing plant, de-boning meat, trimming meat, producing meat-based

products, wrapping and packaging, butchery service and retail operations. Learners can select from a large choice of mandatory skills in the processing, distribution, service and retail of meat and poultry. Learners may choose optional units in meat and poultry knowledge to meet their learning and development needs.

This qualification is a Certificate requiring achievement of 27 credits, graded at pass/fail. It is designed to provide occupational competence in the roles listed above for routine operational tasks based upon standard operational procedures (SOPs). Where these roles involve significant multi-tasking and complex operational and reporting arrangements a larger Diploma qualification is recommended. The Diploma requires achievement of 37 credits and allows the learner to achieve additional qualification units to reflect more complex and larger roles.

See below for: (i) a complete list of units that make up the qualification and their value within the qualification and (ii) the minimum and maximum Credits, Guided Learning Hours and Total Qualification Time.

This qualification could lead to

This qualification will support progression to further learning in:

1. subject areas including:
 - meat and poultry processing
 - food preparation and processing
 - food science and technology
 - food hygiene, safety and quality
 - food team leading/management.
2. particular qualifications including:
 - FDQ L3 Certificate for Proficiency in Meat and Poultry Industry Skills
 - FDQ L3 Certificate for Proficiency in Food Industry Skills
 - FDQ L3 Certificate for Proficiency in Food Management
 - FDQ L3 Certificate for Proficiency in Food Manufacturing Excellence
 - L3 Food and Beverage qualifications
 - L3 Award in Food Safety Supervision for Manufacturing
 - L3 Award in HACCP for Food Manufacturing.
3. Apprenticeships (Advanced/Level 3) including:
 - Food and Drink Apprenticeship Frameworks (England and Wales)
 - Food and Drink Modern Apprenticeships (Scotland)

- Food and Drink Apprenticeship Framework (N. Ireland)

Certificate Proficiency qualifications or SVQs are the main qualifications within these frameworks relating to controller, technician or supervisor level roles including:

- Lairage/slaughter controller/supervisor
- Meat and poultry processing controller
- Butchery controller/supervisor
- Meat and poultry packaging and distribution controller
- Meat and poultry service/sales controller
- Meat quality assurance technician/controller

This Certificate is recommended for learners progressing into Level 3 Certificate learning in the subject areas or qualifications listed above, or within Apprenticeships. The achievement of this Certificate may not confirm sufficient breadth of development and competence to fully support progression to Level 3 Diploma sized learning, qualifications or within an Apprenticeship. A larger Diploma version of this qualification is recommended for learners progressing into Level 3 Diploma learning in subject areas, qualifications and into Apprenticeships.

Qualification support

This qualification has been recognised for confirming occupational competence and is supported by the Institute of Meat and a range of employers including: ABP Food Group, Bernard Matthews Ltd, Faccenda Foods, Fairfax Meadow, Walter Smith Fine Foods.

Assessment

Occupational skills (OS) units are designed to assess the learner's applied skills required to demonstrate competent performance in the workplace in a defined role. Assessment of this qualification is by learner portfolio of achievement. Evidence of performance can be supplemented by other assessment evidence e.g. witness testimony, work-related questioning, workplace documentation, photographic evidence and professional discussion.

Other assessment methods may be used to assess occupational knowledge (OK) and underpinning knowledge (UK) requirements including e-assessment, multiple-choice examination and assignment. Assessment requirements are set out in individual units of assessment. Reasonable adjustments apply that allow learner support for oral or other assessment adjustment arrangements to meet learner needs. All assessment activity is subject to internal quality assurance.

FDQ externally quality assures all centre assessment and internal quality assurance quality and arrangements.
