

FDQ - Qualification Specification

FDQ number	Qualification title	Qualification number (QN) Qualifications Wales Number	EQF Level	Review date
295	FDQ Level 2 Award in Food Safety for	603/6390/3	3	31/01/2027
	the Food Industry	C00/4250/5		

Qualification Purpose

This qualification is designed for learners who are working in, or preparing to work in the food manufacturing or food supply chain industry, in operative, supervisory or management roles, or in catering or hospitality sectors. It has been designed to assess aspects of food safety across the food industry as a whole.

The aim of this qualification is to assess underpinning knowledge to recognised National Occupational Standards.

Ofqual purpose – E.3 Develop knowledge and/or skills relevant to a particular specialisation within an occupation or set of occupations

Learners must be a minimum of 14 years old to take this qualification. Learners do not require any prior qualifications or units or food skills experience to take this qualification, although achievement of a Level 2 Food Safety or HACCP qualification may be an advantage to some learners.

See below for: (i) a complete list of units that make up the qualification and their value within the qualification and (ii) the minimum and maximum Credits, Total Qualification Time and Guided Learning Hours.

This qualification could lead to

The qualification will support progression to further learning in:

- 1. subject areas including;
 - food safety, HACCP, Allergen Awareness
- 2. particular qualifications including;
 - FDQ Level 2 Award in Principles of Food Allergen Awareness and Control
 - FDQ Level 2 Award in HACCP-based Food Safety Systems
 - FDQ Level 3 Award in Food Safety Supervision for the Food Industry
- 3. This qualification may support employment in/into operative level roles including;
 - food manufacturing operative
 - food supply chain operative

Qualification support

This qualification is supported by the Food Training and Education Council.

Further Information

Further information can be obtained from our website at: http://www.fdq.org.uk

Or by contacting FDQ:

Tel: 0113 859 1266

Email: fdq@fdq.org.uk

Assessment

Assessment is by multiple-choice examination provided by FDQ, externally set and externally or internally marked. This qualification is an Award requiring achievement of 1 credit, graded at pass/fail. Reasonable adjustments apply that allow learner support for oral or other assessment adjustment arrangements. Assessment requirements are set out in individual units of assessment, see unit of assessment below.

Assessment is compensatory and as such, learners are not required to achieve every individual learning outcome and assessment criteria to successfully pass the qualification.

FDQ has in place a quality system comprising policies and procedures to ensure its qualifications are developed, delivered and remain fit for purpose. FDQ externally quality assures all centre assessment and internal quality assurance quality and arrangements.

Unit of assessment

Title	The principles of Foo	d Safety fo	r the Food Ind	ustry		
RQF unit ref	Y/618/3807					
RQF Level	2	Credit val	ue	1	GLH	9
Learning outcomes		Assessme	ent criteria			
The learner will:						
1. Understand t	he legal	1.1	The legal res	ponsibility (of food handl	ers
responsibility	of food handlers	1.2	The legal responsibility of business operators			
and food busi	ness operators	1.3	Enforcement	of food sat	fety by the	
			environment	al health of	fficer/practiti	oner.
2. Understand for	ood safety hazards	2.1	Types and examples of food safety hazard			azard
			including:			
			physi	cal		
			• biolog	gical		
			• chem	nical		
			allerg	genic		
		2.2	Contamination	on and cros	s-contaminat	tion
		2.3	Risks to heal	th of poor f	ood safety.	
3. Understand h	ow individuals can	3.1	The use of fo	od safety s	ystems to ide	entify
take personal	responsibility for		and control f	ood safety	hazards e.g. I	HACCP
food safety		3.2	The importar	nce of follo	wing food saf	ety
			procedures a	and awaren	ess of risk	
			assessment			
		3.3	Personal hyg	iene practio	ces and their	
			importance.			
4. Understand h	low food safety	4.1	Safe food ha	ndling proc	edures and p	ractices,
procedures ca	an be used to control		including:			
hazards			• hand	washing		
			• colou	ır coding of	equipment	

		separation of raw and ready to eat
		products
	4.2	The importance of temperature controls and
		the danger zone; temperature controls for:
		Cooking, reheating, hot holding
		 refrigerated deliveries
		• chilled display
		cold stores
		 frozen deliveries deep freezing
	4.3	The use and calibration of thermometers
	4.4	The importance of cleaning, including:
		 keeping the work area and
		equipment clean and tidy
		 cleaning schedules
		 cleaning and disinfection methods
		• safe use and storage of cleaning
		materials
		 waste disposal
	4.5	The design of work flow to reduce
		contamination; the design of work spaces
		and equipment to reduce contamination
	4.6	Pest control procedures to prevent common
		food pests; signs of infestation
	4.7	Following stock control procedures to reduce
		food spoilage and contamination.
5. Understand how to handle and	5.1	Identifying food safety hazards including:
record food safety hazards		 signs of food spoilage
		• faulty equipment
		unsafe food

	5.2 Following procedures to isolate, report,
	record and dispose of food safety hazards.
Purpose and assessment overview	
Unit purpose and aim(s)	This unit supports workforce and/or vocational
	development for those who need to understand the
	principles of food safety for the food industry.
	The unit is designed for use primarily by operatives and
	others who carry out these workplace activities. It is also
	designed for those who plan to enter the food industry
	or employees who wish to expand on their existing
	knowledge and understanding. The aim of the unit is to
	assess underpinning knowledge and understanding to
	recognised National Occupational Standards.
Assessment requirements and guidance	Assessment is compensatory and as such, learners are
	not required to achieve every individual learning
	outcome and assessment criteria to successfully pass
	the qualification
Additional information about this unit
