FDQ number	Qualification title	Qualification number (QN) Qualification Wales number	EQF Level	Review date
323-023	FDQ Level 2 Award for Proficiency in Meat and Poultry Industry Skills	600/0519/1 C00/1165/6	3	31 Dec 2026

Qualification Purpose

This qualification is designed primarily for learners in the meat and poultry industry who wish to develop intermediate skills and knowledge required to confirm occupational competence at work. The qualification provides choice in a wide range of automated or manual processing techniques or distribution, service and retail skills to confirm occupational competence in specific job roles including:

- Lairage/slaughter operative
- Meat and poultry processing operative
- Butchery operative
- Meat and poultry packaging and distribution operative
- Meat and poultry service/sales operative
- Meat quality assurance operative

Ofqual purpose D. Confirm occupational competence and/or 'licence to practice'.

Sub purpose D1. Confirm competence in an occupational role to the standards required.

Learners need to be 16 years old or over to take this qualification. Learners do not require any prior qualifications or units or food skills experience to take this qualification. The qualification assesses and recognises competent achievement within the workplace.

The qualification covers mandatory skills from a wide range of areas like: operating meat or poultry processing plant, de-boning meat, trimming meat, producing meat-based products,

wrapping and packaging, butchery service and retail operations. Learners can select from a large choice of mandatory skills in the processing, distribution, service and retail of meat and poultry. Learners may choose optional units in meat and poultry knowledge to meet their learning and development needs.

This qualification is an Award requiring achievement of 10 credits, graded at pass/fail. It is designed to provide occupational competence in the roles listed above that are based upon routine tasks that have limited scope or breadth of operations. Where roles involve a greater scope of tasks and operations a larger Certificate qualification is recommended. The Certificate requires achievement of 27 credits and allows the learner to achieve additional qualification units to reflect broader roles.

See below for: (i) a complete list of units that make up the qualification and their value within the qualification and (ii) the minimum and maximum Credits, Guided Learning Hours and Total Qualification Time.

This qualification could lead to

This qualification will support progression to further learning in:

1. subject areas including:
 - meat and poultry processing
 - food preparation and processing
 - food science and technology
 - food hygiene, safety and quality
 - food team leading/management.
2. particular qualifications including:
 - FDQ L3 Award for Proficiency in Meat and Poultry Industry Skills
 - FDQ L3 Award for Proficiency in Food Industry Skills
 - FDQ L3 Award for Proficiency in Food Management
 - FDQ L3 Award for Proficiency in Food Manufacturing Excellence
 - L3 Food and Beverage qualifications
 - L3 Award in Food Safety Supervision for Manufacturing

- L3 Award in HACCP for Food Manufacturing.
3. work-based learning opportunities for controller, technician or supervisor level job roles including:
- Lairage/slaughter controller/supervisor
 - Meat and poultry processing controller
 - Butchery controller/supervisor
 - Meat and poultry packaging and distribution controller
 - Meat and poultry service/sales controller
 - Meat quality assurance technician/controller

This Award is recommended for learners progressing into Level 3 Award learning in the subject areas or qualifications listed above. The achievement of this Award may not confirm sufficient breadth of development and competence to fully support progression to Level 3 Certificate / Diploma sized learning and qualifications. A larger Certificate and Diploma are recommended for learners progressing into Level 3 Certificate/Diploma learning in subject areas and qualifications.

Qualification support

This qualification has been recognised for confirming occupational competence and is supported by the Institute of Meat and the Food and Drink Training and Education Council.

Assessment

Occupational skills (OS) units are designed to assess the learner's applied skills required to demonstrate competent performance in the workplace in a defined role. Assessment of this qualification is by learner portfolio of achievement. Evidence of performance can be

supplemented by other assessment evidence e.g. witness testimony, work-related questioning, workplace documentation, photographic evidence and professional discussion.

Other assessment methods may be used to assess occupational knowledge (OK) and underpinning knowledge (UK) requirements including e-assessment, multiple-choice examination and assignment. Assessment requirements are set out in individual units of assessment, see exemplar *D/502/7709 Receive livestock in food operations*. Reasonable adjustments apply that allow learner support for oral or other assessment adjustment arrangements to meet learner needs. All assessment activity is subject to internal quality assurance.

FDQ has in place a quality system comprising policies and procedures to ensure its qualifications are developed, delivered and remain fit for purpose. FDQ externally quality assures all centre assessment and internal quality assurance quality and arrangements.

<p>Unit purpose and aim(s)</p>	<p>This unit is designed to assess the skills of learners in the workplace, receiving livestock in food operations. It needs to be assessed on the job. The learner must be able to demonstrate their competent performance consistently over a period of time, to meet all of the assessment criteria. This will be achieved by at least two observations of performance in the workplace, and may be supported by witness testimony and other workplace evidence. Observations must ensure that the learner’s working practice is at commercial speed and in compliance with standard operating procedures. The Improve Assessment Strategy for Proficiency Qualifications in Food and Drink sets out the overarching assessment requirements.</p>
